

# MountainBrook Village

Welcome to MountainBrook Village, an Active Adult Community located 30 miles east of Phoenix, in Gold Canyon. The elevation offers beautiful views of the city, desert and mountain ranges. The natural desert washes are home to abundant wildlife.

Nestled at the base of the Superstition Mountains, the streets of our village wind through the spectacular Sonoran Desert landscape. The village is intermingled among three of the five golf courses that are within minutes of MountainBrook Village.

The Community Campus offers two heated pools and a spa for lap swimming, water volleyball, exercising or just relaxing. There are courts for Tennis, Pickle Ball, and Bocci. Biking and Hiking are enjoyed by many daily.

The six buildings offer healthy living options of a Fitness Center as well as Yoga and Tai Chi and Chi Gong. Hobbyists enjoy Pottery and Ceramics and other artforms. A center dedicated to gaming like Poker, Bridge, and Mahjong is comfortable and decorated for receptions and parties. Clubs and special interest group activities are available for your pleasure.

The 9,000 square foot Superstition Center features a performance stage and dance floor. Residents share their talents in the Performance Arts. They play in a band, sing in the choir or act in plays. The activity calendar is packed with first-rate shows and entertainment on a regular basis.

The MBV community library is considered one of the best in the East Valley. Wi-Fi access throughout the grounds provides residents with connectivity. Our Mountaineer is the village monthly magazine which is available on the website as well private member's only website pages that keep you informed and in touch.

There are a variety of reasons to visit us: a superb setting, attractive homes, and popular amenities. But it's the relationships that you will establish that will make MountainBrook Village home. This is the good life.
