Welcome to MountainBrook Village!

We are happy to have you as a new neighbor and encourage you to apply for your website access. Another advantage of completing the form is being included in the online and printed MountainBrook Village Directories.

The public pages invite anyone interested in MountainBrook and an Active Adult Lifestyle to look through what we have to offer. Pictures of activities and elevations/floor plans can be accessed there.

The private pages can only be viewed by logging in to the website. When you fill out the Membership Form below, follow the screen directions carefully. Once the form is submitted, your ownership will be verified, and an email will be sent when your account is ready for you to setup your private password. The first time you set up your password, click in the box next to Remember me, this will keep your login information in the Login box on your computer. From that point on just click on the green Login box to sign in.

The Navigation bar across the top has two functions. Click to open a tab, hover your mouse over the tab to reveal other page choices below it.

When the CONTACT tab is clicked it displays our First Service Residential management team contact information, hover the mouse over the CONTACT tab to show links for contacting the Homeowner Association Board, Committees and access to the Private HOA Directory.

The HOME page will have important links and all the Upcoming Events for the immediate future listed. When the event is clicked on, the information for the event will display. Community Updates with association information articles can be found on the Home page as well. Hover over HOME to see other pages.

Items under the MBV NEWS tab will include homeowner submitted pictures and articles.

Each homeowner in the home must fill out the form below to be included in the homeowner directories. This permits publication of both residents, who may each have their own cell phone numbers and or email addresses. Step by step directions to complete the form are available with pictures by clicking here on New Members.

The information you enter is private and will not be shared with anyone outside of MountainBrook homeowners. If you wish to opt out of the directories please send an email to webteam@mbvaz.org requesting this privacy preference.

Each year, you will receive an email asking you to verify your information. This is done to make sure there hasn't been any changes to your address, email or phone numbers. It also fosters removal of those who no longer own here.

Each year you will receive an email reminder to review and verify or update this contact information. This is important as homes change ownership.

Respectfully,
Chris Bukovac, Website Administrator
